- Demonstrate personal and professional integrity and lead by example
- Ability to work and contribute positively as part of a team and in isolation
- Ability to work accurately under pressure, adhering to deadlines and service standards
- Several years post graduate experience in the inspection, and reporting on structural defects
- Historic Building and Expert Witness experience
- Chartered Structural Engineer MIStructE or MICE
- Building Insurance Claims Experience is desired

The role involves:

- To demonstrate a high level of technical quality and service delivery
- To provide exceptional customer service at all times
- To participate positively and constructively as a team member, sharing knowledge and providing feedback and suggestions
- To inspect of all types of buildings and structures; and the preparation of digital reports, live on site
- To prepare specifications for remedial works

- To provide technical support for Building Insurance claims, including subsidence, fire and storm damage
- To report to the Managing Director, and provide progress reports
- To have knowledge of General Structural Design
- To promote and support the TCF principles
- To ensure adherence to contractual/Client SLA's and KPI's

The Package:

- Competitive salary
- Enhanced contributory pension
- Performance related bonus
- Flexible benefits
- Enhanced family leave
- Electric car scheme
- Voluntary benefits schemes
- Birthday holiday
- Share purchase scheme with interest free loans

Hours of work:

Standard working week is 37.5 hours, Monday to Friday with flexibility to work from home / office – Full and part time role availability.

Closing Date for Applications:

Close of business on April 30th 2024.
