

QuestGates Careers and Vacancies

JOB TITLE: **Liability Adjuster**

DIVISION: **Loss Adjusting – Ireland Liability**

LOCATION: **Republic of Ireland**

We are seeking an experienced **Liability Adjuster** to investigate Employers' Liability, Public Liability and Motor claims across **Meath, Dublin and the East Coast**. This is an excellent opportunity for a technically strong and proactive claims professional who is confident working independently, engaging with clients and delivering high-quality outcomes.

Key Skills and Experience:

- Excellent knowledge of Employers' Liability and Occupiers' Liability claims principles, together with the relevant legislative framework.
- Strong understanding of the legal principles and practical framework underpinning EL, PL and Motor liability claims.
- Excellent written and verbal communication skills.
- Strong IT literacy and confidence using claims management systems and related tools.
- A high level of personal and professional integrity, with the ability to lead by example.
- Ability to work effectively both independently and as part of a wider team.
- Ability to manage a busy and varied portfolio while maintaining awareness of SLAs, service expectations and regulatory standards.
- Confidence in investigating claims thoroughly, identifying relevant issues and pursuing appropriate lines of enquiry.
- Experience managing liability claims, including Employers' Liability, Public Liability, Product Liability and Motor claims, would be a distinct advantage.
- Minimum of three years' liability claims experience.
- Relevant insurance or adjusting qualifications, such as APA, CIP, ACII.

The Role:

The successful candidate will use their technical expertise and practical claims experience to proactively assess liability claims and provide clear, detailed reports to clients. The role requires a strong focus on client requirements, service standards and the delivery of a consistently professional customer experience.

You will be responsible for investigating legal and policy liability by gathering, analysing and presenting relevant evidence in well-structured client reports. Practical experience in assessing quantum, including application of the IRB Personal Injury Guidelines, is also required.

To succeed in this role, you will need to demonstrate initiative, sound judgement and a commitment to delivering a market-leading service on behalf of QuestGates Ireland.

Hours & Work-Life Balance:

This role offers a 35-hour working week, Monday to Friday, with a flexible approach to working hours. While it may not always follow a traditional 9am–5pm routine, it offers a high degree of autonomy, the option to work fully from home or from the office, and meaningful control over how you manage your schedule. This flexibility makes the role particularly well suited to someone who values independence, enabling the successful candidate to manage personal and family commitments around their work schedule while maintaining a positive work-life balance.

The Package:

- Competitive salary - between €45,000 and €60,000, depending on experience and qualifications
- Enhanced contributory pension
- Performance related bonus
- Flexible benefits
- Enhanced family leave
- Voluntary benefits schemes
- Birthday holiday
- Share purchase scheme with interest free loans

Closing Date for Applications:

Close of business on Friday 26th June 2026, however, early applications are encouraged as interviews may commence before the closing date.
